A close-up photograph of a dark coffee cup with a thick layer of foam on top. Wisps of white steam rise from the surface of the coffee. The cup is placed on a rustic, dark wooden table. In the background, a smartphone lies flat on the table, and a silver spoon rests in the foreground. The lighting is warm and soft, creating a cozy atmosphere. The text "Coffee Bar" is overlaid in the center in a white, serif font.

## Our brands

We work with thousands of global suppliers and manufacturers across all categories, from buffet and banqueting to fine ceramics, glassware and cutlery. If it's out there, we have our hands on it.

With an emphasis on design, craft and function, we work closely with artisan brands and makers, scouting the globe to find the most innovative boutique labels and source exclusive items. Our collections are uniquely diverse in scope and our commitment to finding the new and lesser-discovered means that, with Especial, you'll have access to products you simply won't find elsewhere.

We believe in leading the industry to work more ethically, sustainably and responsibly. We strive to purchase products that have been manufactured by companies that demonstrate environmentally sound methods and policies. We are committed to working with our suppliers to ensure that the welfare of workers - and labour conditions within our supply chain - meet or exceed recognised standards. And we recognise the business benefits of having a diverse community of employees, which is why we foster and maintain an environment that encourages this diversity.

More information on our values can be found on our website.
