Products & Services

Bespoke

We work directly with our substantial network of manufacturers to fabricate items, overseeing each stage of development, from concept to production. As well as creating our own products to order, we collaborate with clients on personalising pieces as well as custom designs.

Consultancy & Specification

We don't just supply, we curate. We provide product-based consultancy, helping you to cultivate your concepts, style and vision.

Our Product Selection

Our commitment to finding the new and lesser-discovered means that, with Especial, you'll have access to products you simply won't find elsewhere.

Our manufacturing company recognises that it has a responsibility to the environment beyond legal and regulatory requirements. We are committed to reducing our environmental impact and continually improving our environmental performance as an integral part of our business strategy and operating methods, with regular review points.

We manufacture all our products in our workshops in the UK with a strong ethical and environmental approach at heart.

All our timber is FSC certified or from sustainable sources.

Environmental sustainability is at the core of all we do.

- We are committed to constant improvement in energy use within our premises. We use all our waste product to heat the warehouse.
- We always looking to minimise any negative environmental impact.
- We look to suppliers to demonstrate a similar desire to improve their environmental performance.
- We source all our timber from sustainable and certified sources.
